PROJECTS

WEBSTORM

WEBSITE FOR DISPLAYING MAPS

Project for the second semester subject: Web Design Basics. The map display feature is implemented using jQuery Geo. Beside HTML, CSS and JS for this website I used the Twitter Bootstrap framework.

UNITY

2D VIDEO GAME

Project for the third semester subject: IT studying systems.

ARCGIS

DIGITIZED MAP

Project for GDi GisDATA – Skopje and sixth semester subject: Geographical Information Systems. The product is a digitized map using ArcGIS Software.

EXPERIENCE

Gdi GISDATA - Skopje

INTERNSHIP (MAY – JUNE 2017)

One month long internship oriented towards finishing a project for university subject 'Geographical Information Systems'.

One week training for using the ESRI Software: ArcGIS for Desktop and ArcMap.

Mapping buildings and features of local town Berovo.

Attributing the features and ensuring easy user access.

Working in a small team of three interns mainly for creating the project.

Larger teams of interns and employees for specific refinements.
